

Dear Fellow CRNA:

In a city where flashing lights, theme rides and immense buildings engage in a cacophonous competition for attention, Bellagio is a grand, elegant resort. Inspired by the villages of Europe, Bellagio overlooks a Mediterranean-blue eight acre lake in which fountains perform a magnificent aquatic ballet choreographed to music and lights, right in the middle the infamous Las Vegas strip! Within Bellagio you will find excellent dining opportunities, a world-class art museum, exquisite gardens, a top-notch casino, nightclubs, shopping, six pools and a full service spa and salon.

The Bellagio is also the home of "O" by Cirque du Soleil. Internationally acclaimed, it mesmerizes the audiences with aquatic theatre in a specially designed venue reminiscent of the Paris Opera House. The performance is performed in, on and above water.
